

COME COMPILARE IL REPORT DEGLI EVENTI CODEWEEK EU 2015

Controllare la casella di posta elettronica; in questi giorni, tutti i docenti che hanno creato un evento durante la settimana europea del codice lo scorso ottobre riceveranno questa mail:

Hello!

We'd like to thank you for taking part in Europe Code Week 2015 and helping us to reach hundreds of thousands of people around the world!

As a small token of appreciation for your role in Code Week, as an event organizer, we're awarding you a certificate of recognition. Since you have organized and registered for more than one event on the codeweek.eu website, you can get a certificate for each one.

To get your certificate, please click on the link below and click "Report event":

<http://events.codeweek.eu/report/>

You will see a form where we ask you for some information about your event for statistical purposes. Upon submitting the form, your certificate will be automatically generated and will become available immediately. You can then share it online, download it, or even print it on paper, frame it and put it on your wall (if you do this, please share a picture with the #CodeEU hashtag! :)) The certificate you will get will look like the one on this link: <http://events.codeweek.eu/static/demo-certificate.pdf>

Note that you can submit the form only once.

We hope that you will continue working to bring coding literacy to even more people during the coming year!

Thank you once more and hope to see you again in the next year's edition of Europe Code Week!

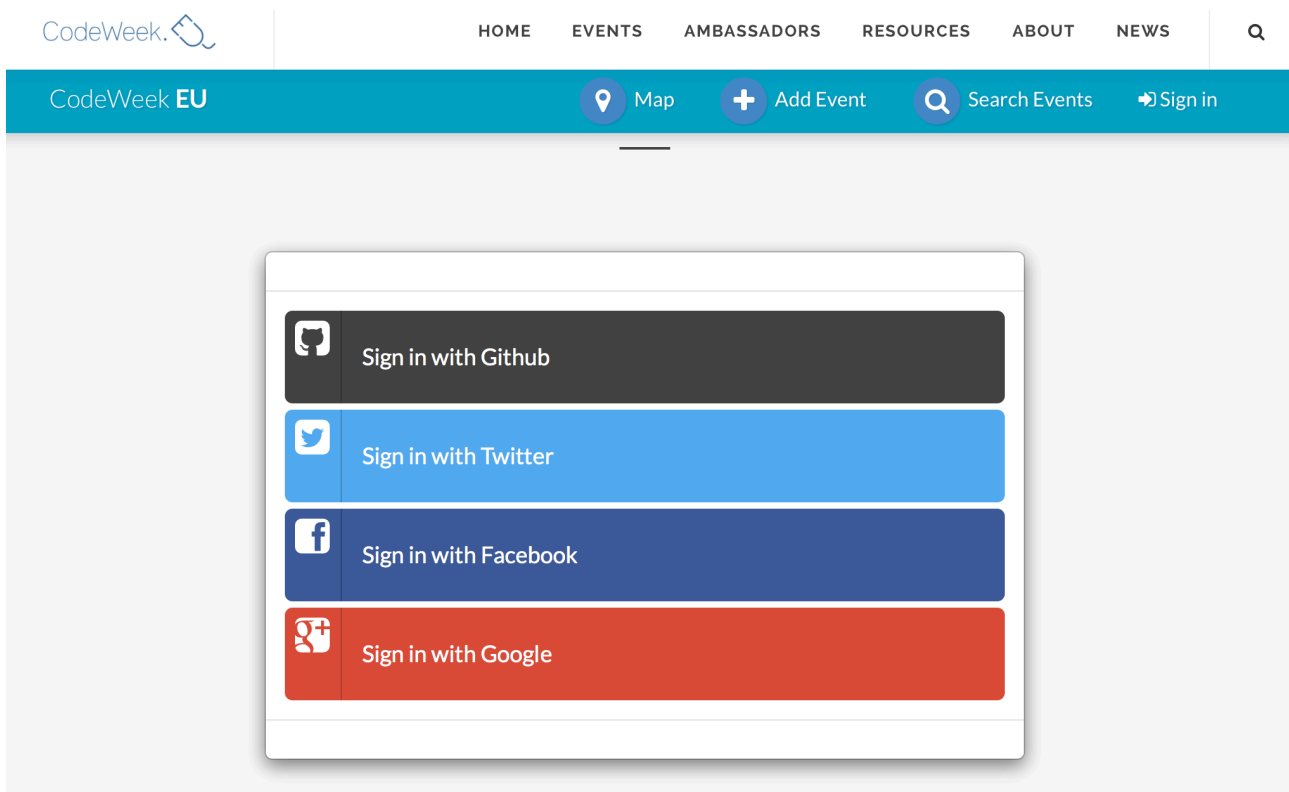

Kind regards, The Code Week Ambassadors

You are receiving this message because you've registered an event on the events.codeweek.eu website and have entered danielajachini@gmail.com as an email of the event organizer. If you think this is an error, just reply to this message to let us know.
